

OUR ALUMNI VOICES

ROMINA NAYDENOVA

The MESCI programme is more challenging continuation of Mundus Urbano program, but it is certainly a strong complement to my technical knowledge in architecture.

GABRIELE MUSACCHIA

Master MESCI is not only an academic experience that helps to acquire skills that are useful and valued in the job market, but is above all an educational and human experience in which one is enriched from by the exchange of life experiences, ideas point of view and knowledge gained from meeting with other students and professors from different paths of life and study. This is the real added value of the master's program.

JESSE HAWKES

Great dedication and up-to-date insights from professors working in the fields of international cooperation, gender, education, sustainability, governance, poverty alleviation, etc. A wonderful variety and flow of topics! And it's not hard to get there from the center of Rome!!

WHY MESCI?

WHAT WE PROVIDE IN OUR COURSE

MESCI is a unique 1-year international post graduate 2nd level Master (60 credits) taught in English. It is tailored for students who aspire to take leadership roles in Italian and global organizations in the field of international development (in both public and private sector).

MESCI provides an intensive program which consists in a number of theoretical and practical courses including those that play a crucial role in economic sciences, such as micro- and macroeconomics, econometrics and statistics.

MESCI program will guarantee internship and will offer career opportunities for its graduates in many international organizations (for example UNDP, FAO, IFAD, OECD, ILO, IMF, WB, WFP, UNIDO, UNICEF).
